

December 16, 2008

Per the terms of General Chemical's Natural Gas Energy Adjustment Program, below is the three month forward average of the NYMEX Henry Hub natural gas index as of the close of business on December 15, 2008.

	<u>\$/MM BTU</u>
January	5.645
February	5.675
March	<u>5.682</u>
Average	5.667

Therefore, General Chemical's natural gas energy adjustment surcharge for soda ash purchases made during the first quarter of calendar year 2009 is \$1.50/NT.
