March 16, 2005

Per the terms of General Chemical's Natural Gas Energy Adjustment Program, below is the three month forward average of the NYMEX Henry Hub natural gas index as of the close of business on March 15, 2005.

	<u>\$/MM BTU</u>
April	7.179
May	7.278
June	<u>7.348</u>
Average	7.268

Therefore, General Chemical's natural gas energy adjustment surcharge for soda ash purchases made during the second quarter of calendar year 2005 is \$4.50/NT.

Please contact your local General Chemical sales representative should you have any questions.
