March 16, 2007

Per the terms of General Chemical's Natural Gas Energy Adjustment Program, below is the three month forward average of the NYMEX Henry Hub natural gas index as of the close of business on March 15, 2006.

	<u>\$/MM BTU</u>
April	6.924
May	7.046
June	<u>7.192</u>
Average	7.054

Therefore, General Chemical's natural gas energy adjustment surcharge for soda ash purchases made during the second quarter of calendar year 2007 is \$4.50/NT.
