September 16, 2005

Per the terms of General Chemical's Natural Gas Energy Adjustment Program, below is the three month forward average of the NYMEX Henry Hub natural gas index as of the close of business on September 15, 2005.

	<u>\$/MM BTU</u>
October	11.336
November	11.969
December	<u>12.447</u>
Average	11.91

Therefore, General Chemical's natural gas energy adjustment surcharge for soda ash purchases made during the fourth quarter of calendar year 2005 is \$10.50/NT.
