September 18, 2006

Per the terms of General Chemical's Natural Gas Energy Adjustment Program, below is the three month forward average of the NYMEX Henry Hub natural gas index as of the close of business on September 15, 2006.

	<u>\$/MM BTU</u>
October	5.11
November	6.27
December	<u>7.61</u>
Average	6.33

Therefore, General Chemical's natural gas energy adjustment surcharge for soda ash purchases made during the fourth quarter of calendar year 2006 is \$3.00/NT.
